

Weyakwin Lake is one of Saskatchewan's most beautiful hidden treasures, having some of the best scenery and some of the best snowmobiling in the province.

Our club was founded in 2001 and is steadily growing. Opening new trails, maintaining existing trails and operating/maintaining shelters all come at a great expense. We have an excellent volunteer base, but fundraising is a source of income that is needed in order to achieve this.

We are hosting several events this season. Any donation of appropriate goods or services would greatly be appreciated and we will ensure that your donation receives full publicity at the event. You may present your donation to the bearer of this letter who will outline the event to you.

Thank you for your support.
